New Hybrid Cactus of Our Own Introduction.

Fay Lanphier (Miss America, 1925)—Everyone will expect a flower named after America's most beautiful young lady, to be both a beauty and a prize winner. Of this new introduction we can truthfully say it is both, and worthy of the name of Miss Lanphier. At the 1924 show held in San Francisco by the Dahlia Society of California, this flower won First Prize for the Best 1923 seedling. Second Prize for the Best Dahlia in Show. It has all the qualifications asked of an ideal dahlia. An enormous hybrid cactus of great depth. The centre is Picric Yellow. Each petal gradually blending toward the outer edge to a creamy yellow, giving an appearance to the petals as they twist and curl of being tipped white. The center is full throughout the season. Stems long and stiff. Plants are medium height and produce flowers early and constantly. Loveliest of all dahlias, whether wanted for exhibiting, garden or cut flower. Stock limited. \$10.00. Net.

New Decorative Dahlias of Our Own Introduction

Don Carlos—A very dark maroon colored dahlia. A most constant bloomer and very effective in the garden. The plants grow to a medium height and the good sized blossoms are held on extra long stiff stems. Good cut flower. \$2.50.

Ida La Blanc—A decorative dahlia with splendid features, free in growth, free in bloom, flowering early and constantly, quite effective in the garden and a good cut flower. Should become popular as a bedding variety as the bushes grow low and spreading and are covered all season with good sized flowers of a lovely shade of pinkish lavender. Blossoms full and perfect throughout the season. Extra stiff stem. \$3.00.

Decorative Dahlias

Alex. Waldie—Immense flowers, held erect on strong stems. Coloring is a creamy ground overlaid with delicate salmon-pink. \$1.00.

Al Koran—Yellow suffused with gold and amber. The petals are wavy and make the flower quite attractive. Long stiff stem. \$3.00.

Amun Ra—Very large decorative, of deep rich shades of copper and orange, shading to gold and amber held high on a long stiff stem. \$1.50.

Aurora B.—A large flower of deep purple and white petals. Free bloomer on long straight stem. Good cut flower and very attractive in the garden. \$1.00.

Avalon—Good clear yellow of good form on long stem. Fine cut flower. \$3.00.

Black Jack—An extremely large flower on very long strong stem. The color is a deep velvety maroon, almost black, which does not sunburn. Plants are tall and robust and filled with bloom throughout the season. \$3.50.

California Superba—Beautiful large flower of a soft delicate pink, shading white to center. Good stems. \$3.50.

DECORATIVE DAHLIAS—Continued

- Cambria**—Rich pink, toning to white in the center. Long rigid stems and a very free bloomer. \$2.00.
- Carmencita**—Good sized fancy, of yellow striped red. On good stems. Bushes are dwarf. Very free bloomer. \$1.00.
- Caroline Wintjen**—Lovely shade of salmon pink, shaded rose, excellent form and a favorite cut flower. 50c.
- Champagne**—A gorgeous bloom of enormous size, held high on long stiff stems. The color is a soft blending of dull golden champagne varying to chamois. \$3.50.
- Claude Harlan**—Our 1924 introduction. Here is another Californian reaching the Eastern shows for the first time, and standing out as the clearest and purest color in the lavenders. It is a charming Decorative and in our opinion as beautiful a dahlia as has yet come from California. It is not a gigantic flower, yet has plenty of size. The foregoing is from the December number of Garden & Home Builder. Claude Harlan is an excellent exhibition, garden or cut flower variety. The petals have a soft wavy appearance which gives to the flower a graceful and attractive form. Stems long and wiry. \$4.00.
- Conchita**—In color this flower is not unlike Rookwood, yet quite different in form. A very free bloomer and long stiff stem. \$3.50.
- Dr. Tevis**—Immense blossom of soft salmon rose, suffused with old gold. Carried on long stiff stems. 75c.
- Don Williams**—Lavender, each petal tipped white. An attractive flower but not perfect form for exhibiting. \$2.50.
- Earle Williams**—Crimson and white. A good flower, on strong stem, free bloomer. \$2.00.
- El Dorado**—Immense blossom of pure gold deepening at the base of the petals. Held on long stiff stems. \$7.50.
- Ellinor Vanderveer**—1925 introduction. A beautiful dahlia and one which has been greatly admired in our garden. Large full flower of a rose pink on extra long stiff stems. An early bloomer. \$7.50.
- Evelyn Adamson**—A charming shade of rosy fawn pink, suffused with gold. \$1.00.
